

RIDE UP Mobile App User Guide

Sign In – On startup, the app presents sign in options for Owners and Renters.

- 1) Enter your **RIDE UP Username and Password**.
- 2) In case you do not have an account yet, you may opt to sign up.

If there are issues with sign in, contact the RIDE UP customer service.

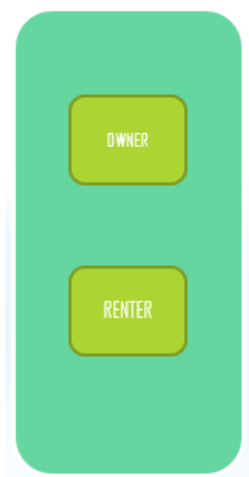

Owners signed in can view owner specific data, access advanced search filters, access communication information and personal branding.

Main Menu

The main view of the App features the user profiles for the owner and the renter, the renting tab, and renter's cart.

User Profile

Upon login, the user will be able to choose between Owner and Renter.

Owner Login

When logging in, Owners see their name, photo, address, and contact information within the user dashboard. The owner's bicycles for rent are also seen in his profile.

Renter Login

When logging in, Renters also see their name, photo, address, and contact information within the user dashboard. The bicycles rented by the renter are also seen in his profile.

Renting Tab

Upon login, the renter will be able to choose from the various bicycles for rent that they want to add in their cart. After choosing, the renter can finally checkout for the chosen bicycle. There are also different payment options that the renter can choose from.
